Community Service Award Presented to NSK Steering Systems America

Bennington and Manchester, Vt. — NSK Steering Systems America received the award for community service at the United Counseling Service (UCS) Staff Awards Luncheon on June 17.

“For years, NSK has been a work-site for many UCS clients in our vocational programs,” said UCS Executive Director Ralph Provenza. “What’s more, NSK has provided full financial sponsorship for the annual Head Start Soccer Clinic for the past eight years.”

UCS gives The Cleveland and Phyllis Dodge Community Service Award annually to recognize community leadership in supporting mental health care and developmental disability services.

NSK President Bill Berry accepted the award and emphasized the company’s approach to providing community support is to get involved and make a difference, but not to make a big deal about it.

“Our company has a low-key approach,” Berry told the packed auditorium of listeners at the Bennington Museum, “but we are very serious about doing what we can to help.”

The Cleveland and Phyllis Dodge Community Service Award has been given since 1983.

UCS serves children, adults, families, and seniors through nationally recognized counseling, early care and education, and clinical support. Visit www.ucsvt.org to find out more.
